

CLEAN UP OF GAMBLING PLACES, POOL ROOM LAW ENFORCEMENT ORDERED BY BOARD OF TRUSTEES

Mayor H. F. McNellis Sketches Deplorable Conditions Existing on Grand Avenue; Board Orders Police Department to Enforce Ordinances to Letter.

Gambling is to be stamped out and pool hall "bums" who clutter the sidewalks are to be eradicated from Grand Avenue, the city board of trustees has decided.

Mayor H. F. McNellis spoke the first words of condemnation uttered by the new board since its inauguration, on last Thursday night, when in adjourned session of the board he pointed to certain conditions that are hurting South San Francisco and asked the advice of his fellow trustees as to the best method for cleaning up the city. It was the opinion of the board that Chief of Police Louis Belloni should be instructed to stamp out gambling, to keep the "riffraff" of San Francisco that now infests this region on the move, to see that business building regulations which require windows to be no higher than four feet above the ground level and which bar all obstructions to a view through the building be strictly enforced.

McNellis pointed out that hangouts on pool rooms who clutter the streets make it very distasteful for persons who get off the trains and come up Grand Avenue. Back rooms, he said, are against the law. Pool rooms under the law must be open to view from the sidewalk and dividing walls, setting apart a back room, is illegal. Gambling said to be rampant in many places on lower Grand Avenue, is to be stamped out.

This open declaration of principles by the new board of trustees is welcomed by local merchants who have been made to suffer by the operation of gambling places in the city. Expressions endorsing the decision to "clean up" have been heard on every side.

Before Mayor H. F. McNellis made his startling declaration the board transacted some routine business and passed a resolution accepting the newly paved streets and alleys from the contractor.

McNellis also suggested that blue prints of all proposed buildings be given to the trustees for examination before a building permit is issued by the building inspector. In this way it is hoped to avoid certain difficulties which have lately arisen by changes in building plans after a permit has been secured.

The mayor again brought up the matter of purchasing supplies for the city. Trustee Hugh McCaffrey, chairman of the purchasing committee, explained he did not want full authority to do the city's purchasing. It was decided to have every department file its requisition for supplies each month with the purchasing committee. Buying, instead of being scattered over the entire month, will thus be concentrated at the beginning of each 30-day period.

Wildberg Bros. wrote a letter complaining against the condition of Butler road and asking that it be repaired. City Clerk Daniel Sweeney was ordered to inform Wildberg Bros. that the road would be repaired as soon as the sewer installation in that area is completed.

Fire Marshal Ben H. Truax reported a hole in the pavement at the junction of Linden with San Bruno road. The matter was referred to Trustee Blank of the street committee for action.

LID PLACED ON GAMBLING, SAYS CHIEF BELLONI

Orders of the city board of trustees in regard to the clean-up of gambling places in the city were put into effect on Saturday night, Chief of Police Louis Belloni reported on Monday.

Notice was served on every poolroom in which it is suspected gambling was going on at that time. At the same time one or two places where the hangers on, by their presence on the sidewalks, were particularly obnoxious, were warned to keep their patrons off the streets.

It is expected that some arrests will be made unless the orders of the chief are obeyed. In the past few months the town has been riddled with slot machines and punch boards through the office of the local police.

BOYS WHO ROBBED AUTO HELD OVER TO HIGHER COURT

Accused of robbing the Flint touring car belonging to M. Pierini, of Baden, of its sun visor, glass windows and tools, three youths were held to answer in the superior court following arraignment before City Recorder E. E. Cunningham on Monday afternoon.

The boys, Berger Benson, 912 County road, Burlingame, Oran Mueller, Box 8, 1st Avenue, Belle Air Park, San Bruno, and Jack Scrogings, 338 Hyland Avenue, San Mateo, were taken into custody Saturday by Chief of Police Louis Belloni upon complaint of Pierini. The theft is said to have been committed on Tuesday, November 18.

Attorneys for the boys waived the preliminary hearing. The accused are free on \$300 bail each.

JUDGMENT OF LOWER COURT IS SUSTAINED

A decision made by Justice of the Peace Edward Farrell of South San Francisco was sustained by Superior Judge George H. Buck Monday in the case of Emilio Escribano against Joseph Penna, in which the latter was sued for \$106 as a result of a dispute growing out of a contract to build a garage.

Justice of the Peace Farrell on August 25 rendered judgment for the defendant. The case was appealed to the higher court. Judge Buck's decision today held that "there is not sufficient evidence to warrant this court to change or add to the wording of the contract. Judgment for the defendant."

FIVE COMMITTEES NAMED TO DEVELOP CIVIC PROJECTS

Policy of Chamber in Developing Local Projects Outlined by Thompson

Five committees to work on the several civic enterprises discussed at the Chamber of Commerce meeting last Thursday evening were named yesterday afternoon by Phil R. Thompson, manager.

In regard to the policy of the chamber, Thompson declared, this work will be conducted so that it will command the support of the entire citizenry either directly or indirectly.

"The procedure of handling work makes this so. The work will be handled as follows:

"The committees appointed will thoroughly develop the subjects upon which they are appointed, giving proponents and opponents an opportunity to be heard and after the committee have reached a conclusion they will make their recommendations to the chamber at a general meeting where both those for and against will have an opportunity to be heard, after which the vote of the membership will govern the action of the chamber."

The committees are: Street car service: L. G. Hardy, Jr., chairman, George W. Holston, Ed. Farrell, Thomas L. Hickey, E. P. Kauffman.

Extension of Orange Avenue: H. A. Cavassa, chairman, Emil Pardi, A. C. Buehler, P. Santini, F. Giffra, S. Nieri.

Highways, Paradise Valley: B. H. Truax, chairman, R. Tibbets, Pete Petroff, F. J. Lautze, A. J. Eschebach, Angelo Vincenzini.

Highways, Bayshore: Thomas L. Hickey, chairman, John Williams, J. G. Walker, L. W. Thayer, L. I. Potter, A. McSweeney, Edgar H. Lewis, H. F. McNellis, V. Bolde, R. Tibbets, J. F. Davis.

City parks: George W. Holston, chairman, John E. Hoyle, A. Hynd, Dr. J. C. McGovern, F. W. Moran, the Rev. A. P. Beall, J. A. Colabard, L. H. Potter, E. E. Cunningham, A. T. Arndt, J. J. Jennings, A. McSweeney.

Annexation by San Francisco county: F. A. Cunningham, chairman, H. F. McNellis, Hugh McCaffrey, J. W. Coleberd, J. P. Davis, H. Potter, John Williams, H. A. Cavassa, Thomas L. Hickey, A. McSweeney, George W. Holston, Judge E. E. Cunningham, F. Robinson, Charles Bollazzi, Enrico Rossetti.

DUMBARTON FRANCHISE IS GRANTED

Another stepping stone towards the bridging of San Francisco bay was crossed last Wednesday when the county board of supervisors passed an ordinance granting to John Lyle Harrington, prominent bridge engineer, a franchise to construct the Dumbarton bridge.

Motion to adopt the ordinance was made by Supervisor John MacBain, seconded by Supervisor Manuel Francis. On roll call all the members of the board voted aye.

A previous franchise granted to Harrington in 1923 was repealed and the new one, which is designed to conform to a change in laws regulating toll bridges, was granted today.

Harrington, who was present, thanked the board. He said: "I want to express my appreciation to you for the confidence you have shown in me. Very shortly you will see actual construction work under way. Before the end of 1925 the bridge will be completed. I am sure."

Harrington estimates that the structure will cost approximately \$2,000,000. Plans and specifications will be filed before work starts. The ordinance, which was passed this morning, becomes effective 30 days after passage.

With Harrington this morning at the supervisors' session was H. W. Clark, San Francisco attorney. District Attorney Franklin Swart in commenting on the matter today expressed the belief that the bridge would be built soon. "It is understood that the financial end of it is well taken care of," he said.

At the request of the supervisors a statement of the cost of meals served prisoners arrested by the police and lodged in the county jail was submitted to the board by Sheriff T. C. McGovern. The district attorney was asked to decide as to how the cost of meals for municipal prisoners in a county institution was to be paid.

DELEGATION TO MEET WITH MARKET STREET Rwy. HEAD

Representatives of the city and of all civic organizations will meet with Colonel Black of the Market Street Railways, in San Francisco at 11 o'clock this morning to discuss the city's petition for through service from Market street.

Arrangements for the meeting with Black were made by Phil R. Thompson, manager of the chamber of commerce. It is expected that a better understanding on the matter of the city's wants will be secured.

AMALGAMATION STUDY GROUP IS ANNOUNCED

(Special Dispatch)

REDWOOD CITY, Nov. 26.—M. A. Hopwood of Redwood City has been named by J. J. McGrath, chairman of the general committee which is studying the plan to amalgamate San Francisco and San Mateo counties, as a member of the ways and means committee which will determine upon the course of procedure to follow in the matter of consolidation. Other members of the ways and means committee as named by McGrath are: F. A. Cunningham, South San Francisco; Morgan Gunst, San Francisco; H. A. Harris, Alhambra; Gordon Hess, Burlingame; W. B. Lawrence, Millbrae; and R. W. Waterbury, Ravenswood.

The ways and means committee was appointed pursuant to instructions of the amalgamation study delegates at their first meeting in Redwood City on November 7. The committee will hold its initial meeting tomorrow night in San Mateo, when it is to make up the problem of carrying on an intelligent and impartial study of the proposed unification of San Francisco and San Mateo counties.

A comprehensive survey of the question of amalgamation, many people believe, will involve a study of months duration, and it is entirely possible, judging from experience already made by many delegates to the Consolidation Study Convention, that experts will be called in to carry on the study. It was suggested at the last meeting of the delegates that the San Francisco Bureau of Governmental Research be retained to make the study. This bureau is deemed an "independent" non-partisan citizens' agency to study public business, co-operate with officials and specifically work for economy and efficiency in municipal affairs. Its board of trustees consist of such men as St. Waldo Coleman, Prof. Edwin A. Cottrell, Norman B. Courtney, W. H. Crocker, Paul Elbel, E. Clarence Holmes, Robert G. Hooker, James Irvine, S. S. Kauffman, Daniel E. Koshland, J. S. Lamson, Samuel Pond, Dr. B. M. Rastall, A. A. Ricker, Jesse H. Steinhart and James E. Walsh.

Wedding With Ducks Staged By Justice

Wedlock with the trimmings is being furnished by Justice of the Peace Ed. Farrell, Chief of Police Belloni will say so.

The chief left a pair of ducks in the judge's chambers Monday while he went to Redwood City to deliver a prisoner to the county jail.

James S. Brogan, San Francisco realtor, and Miss Anna Fustler, of the same city, appeared to have the judge tie the nuptial knot. During the course of the ceremony Farrell discovered the ducks and large-heartedly presented them to the bride as a wedding present.

Then he ducked out of the city hall, it is reported.

SHEET METAL WORKER HAS FINGER AMPUTATED Cyril Phillips, living at the Industrial Club and employed by the Pacific Sheet Metal Corporation, lost part of his right index finger Monday afternoon when it became caught in the shears used for cutting wire. Phillips was taken to the South San Francisco Hospital, where the finger was amputated.

With Henry Sanchez, the injured man came recently to this state from New Jersey, making the long trip by automobile. The men are planning to remain here until spring, when they will again drive home.

PARK PURCHASE COMMITTEE NAMED BY MAYOR McNELLIS

43 Persons Named to Consider Purchase of Tracts for Park Purposes

Members of a large committee which will meet with the city board of trustees to debate on the advisability of purchasing all three park sites or parts of them were named by Mayor H. F. McNellis last Thursday evening in the city hall. Every civic organization and the professions are represented, as well as the citizenry in general. The complete committee roster is:

City Council: Trustees Carl Blank, F. A. Cunningham, A. J. Eschebach, H. McCaffrey and H. F. McNellis.

Chamber of Commerce: Dr. F. S. Dolley, Dr. J. C. McGovern, W. H. Dinning and P. R. Thompson.

Merchants' Association: A. C. Buehler, H. A. Cavassa and A. T. Arndt.

Churches: The Rev. Father James P. Moran, the Rev. Asa P. Beall.

Schools: A. C. Kleemeyer and G. J. Roney.

Law: J. W. Coleberd and John F. Davis.

Members at large: Dr. T. C. Doak, M. Garcia, Joe Beltrami, Ira H. Potter, G. W. Holston, A. McSweeney, James C. Wallace, Sr., Bob Ferrario, Enrico Rossetti, P. Mairani, J. Tacchi, P. Berrettini, Felix Bianchini, George Selby, J. J. Jennings, Joe Castro and Edgar H. Lewis.

Mrs. Carrie Winterhalter, Judge E. E. Cunningham.

Manufacturers' Association: J. O. Snyder, John Williams, Charles Hoehn and Joe Walker.

Supervisor Thomas L. Hickey.

Inability of her alleged victim to appear in court for the hearing resulted in the case of the People vs. Margaret Nervi, on a charge of battery, to be postponed until a date to be agreed upon by the attorneys following arraignment Tuesday afternoon before Judge E. E. Cunningham.

Mrs. Margaret Nervi was complained against by Mrs. Cora Galli who alleged that during a quarrel in the Grand Avenue extension area where the parties involved reside, Mrs. Nervi kicked Mrs. Esolina Gianetti in the stomach. Mrs. Gianetti, Judge Cunningham has said, is reported to be in a delicate condition and the results of the blow she received may prove serious. She is in the local hospital.

The fight is said to have occurred on November 12. No cause for the quarrel could be ascertained but it is understood a number of women of the neighborhood were involved.

TWO LOCAL MEN ARE ADMITTED TO CITIZENSHIP

The population of citizens of the United States was increased by 11 yesterday when that many aliens were admitted to citizenship in the Superior Court in Redwood City. A "class" of 25 applicants appeared before Edgar R. Bonsall, naturalization examiner of San Francisco. Several applicants were turned down because of their war records, while others were denied citizenship at this time because of their inability to answer questions relating to the United States and its government.

The following passed out of the courtroom wearing American flags on their coats:

Quirico Massagli, South San Francisco, born in Italy; Frank Guenther, San Mateo, born in Germany; Daniel Smith Fraser, South San Francisco, born in Nova Scotia; Mrs. Juliette Bona, Burlingame, born in France; James William Blyth, Burlingame, England; Joe Francisco Escobar, Hillsborough, born in Portugal; Frank Galonska, Redwood City, born in Germany; Emilio Gracchino, Colma, born in Italy; Herbert Richard Eldridge, Menlo Park, born in England; Bruno Joseph Boezinger, Menlo Heights,

GREAT CROWD DISCUSSES COMMUNITY PROBLEMS IN MASS MEETING THURSDAY

More Than 100 Citizens Discuss Six Projects in Chamber of Commerce General Meeting in City Hall

In the most enthusiastic and most largely attended meeting held in this city in recent years six questions of great local importance were threshed out in the city hall Thursday evening. The meeting, called by Phil R. Thompson, manager of the chamber of commerce, brought out representatives of every civic organization, the churches and the rank and file of the citizens. Discussion was developed following talks on city parks, through car service, the Orange Avenue extension, highways, annexation and the Pacific Gas & Electric Company franchise.

Opinions on each of these topics were crystallized and after some debate a general sentiment was developed in each question. Committees were appointed Tuesday by Thompson to execute the will of the general assembly.

W. H. Dinning, president of the chamber, opened the meeting with an invitation to those present to "think out loud and say what you think." He introduced Phil R. Thompson, manager of the chamber since October 1, and the latter outlined the work done since that date.

"Our task," he said, "is selling South San Francisco to whoever we can, but we must believe in it before we can sell it."

"It is the function of the chamber," he went on, "to put the problems and facts before the people for a decision from the floor. Committees named after the meeting will supply the action necessary to see the projects through."

In a few brief words he also discussed the South San Francisco exhibit at the recent California Industries show in San Francisco, the blocking of proposed rate increases in telephone rates for the factories, the visit of the real estate board to this city, and announced a decision will soon be made on the trap car suit.

Efforts, he declared, were being made to induce more factories to locate in this city. Six different industries are in prospect and one organization had made inquiry about local conditions. He said that a plant could save \$29,270 annually by locating here rather than in the east bay region.

Mayor McNellis outlined the park situation, describing the sites

THROUGH SERVICE COMMITTEE MEETS NEXT FRIDAY NIGHT

Members of the committee to prepare and collect data for the hearing to be held before Irving Martin of the railroad commission on the city's petition for through street car service from San Francisco are to meet Friday evening at 7:30 in the city hall.

City Attorney John F. Davis announced yesterday that meetings are planned to be held every week until December 30, the date of the hearing. The committee is composed of the five city trustees and five representatives each of the Manufacturers' Association, the Merchants' Association and the Chamber of Commerce.

It is expected that a traffic expert will be named immediately to prepare charts showing the present traffic burden and to devise maps of the proposed through service routes.

Lee Cullen of this city was sent to the county jail in Redwood City to spend 30 days. Cullen, according to Belloni, had been given several chances to behave himself, but he persisted in breaking the laws.

Pablo Zubia of the South City Hotel was fined \$10 for disturbing the peace.

born in Switzerland; and Constant Frederick Prevost, Menlo Park, born in France.

Boezinger is a professor of languages at Stanford University.

and assuring his auditors that the newly named committee of 43 men and women would go into session immediately when a price is set by the land company for the ground.

Sentiment in favor of beautifying the civic center before proceeding with the park plans was developed following McNellis' appearance. A. T. Arndt, the Rev. Father Moran, Mrs. Carrie Winterhalter, Supervisor T. L. Hickey, John W. Coleberd and Judge E. E. Cunningham expressed favor with the proposed park plan but urged immediate beautification of the civic center because of its central location and prominence.

Mrs. J. O. Snyder, promised the entire support of the Woman's Club in developing park and beautification plans.

John F. Davis, city attorney, told the meeting that the city was seeking through car service for the convenience of the people of this city. The plan as formulated includes a proposal to extend one of the Daly City lines through to a terminal here.

Thompson said that a talk with Colonel Black of the Market street railways had resulted in a promise by that official to meet with a representative committee to discuss the proposed extension of service. L. G. Hardy pointed out that a previous effort to secure through car service was blocked because the railway company felt that it would be compelled to give a ten cent car fare to San Francisco if through service was established.

Hardy was named the chairman of a committee to meet with Colonel Black in the immediate future. Joseph G. Walker, secretary of the manufacturer's association, assured the chairman of the hearty co-operation of that organization.

There is a real need for extending Orange Avenue, Harry A. Cavassa, president of the merchants' association, declared. People in Los Cerritos tract are now without police and fire protection and they have to spend 20 cents in fares to come into this city to pay their taxes. He urged a greater attendance at the rehearing to be held early in the coming year.

KANE CASE IS STIRRED AGAIN

A. J. Kane, head of the Kane Detective Agency, is reported to have announced that he would file suit for \$100,584 against the city of South San Francisco for false arrest and defamation of character. Kane contemplated action grows out of a liquor raid made in South San Francisco on the night of July 5, 1923. This raid culminated in a fight in a pool hall between patrons and the Kane detectives who had been retained by the city and over whose employment there has been considerable controversy. During the disorder of the raid Constable James Wallace undertook to interfere and was arrested by one of Kane's men on a charge of interfering with an officer.

Announcement of Kane's intention to sue followed the receipt of rulings of Superior Judge George H. Buck, overruling Justice of the Peace Ray Griffin, who had convicted Kane and three of his men on charges of disorderly conduct and false arrest.

STEELWORKERS' BALL SCHEDULED FOR TONIGHT

Tonight the eleventh annual grand ball of the Panama Pacific Exposition Lodge No. 5, steelworkers will be held in Fraternal Hall. The Thanksgiving eve dance by the steelworkers has come to be regarded as one of the large social events of the season.

DAUGHTER OF MAYOR McNELLIS IS INJURED

Miss Lucille McNellis, daughter of Mayor and Mrs. H. F. McNellis, suffered a painful injury on Friday afternoon when she slipped and fell on a piece of iron in the high school grounds, cutting a deep gash in her leg. Dr. F. S. Dolley dressed the wound at the South San Francisco Hospital and she is reported recovering rapidly.

IL GRANDE VALORE DELLA RIUNIONE GENERALE DIGIOVEDI

Alla riunione generale, indetta dalla camera di commercio, giovedì sera ultimo scorso nel palazzo municipale, furono discusse sei questioni della massima importanza e si tracciarono piani per una energica azione per l'attuazione dei progetti in discussione. Sotto la guida del nuovo direttore, Phil R. Thompson, furono ampliamente discussi i seguenti progetti: city parks; servizio tramviario diretto; l'estensione di Orange avenue; l'annessione della contea di San Mateo a quella di San Francisco e le franchigie della Pacific Gas and Electric Company. Diversi comitati saranno nominati dalla Camera di commercio per eseguire i piani tracciati dall'assemblea generale di giovedì.

Il sindaco McNellis parlò intorno ai progetti parchi e disse della probabile compra di tre appezzamenti di terreno per formare centri ricreativi. L'opinione espressa da A. T. Arndt, dal Rev. Padre Moran, dalla Signora Winterhatter, dal supervisor T. L. Hickey, dal John W. Coleberd e da sinistre, E. E. Cunningham e quella dell'abbellimento del condotto "Civic Center" come un primo passo.

John F. Davis, l'avvocato cittadino parlò intorno all'assicurazione del servizio tramviario. L. J. Hardy, Jr., direttore dell'ufficio postale e stato nominato presidente del comitato che rappresenterà la camera di commercio nell'azione per l'assicurazione del servizio.

Harry A. Cavasso, presidente dell'associazione dei mercanti disse della necessità dell'estensione di Orange avenue e raccomandando agli astanti di attendere numerosi l'udienza della railroad commission che si terrà in paese in primavera.

Il supervisor T. L. Hickey e Phil R. Thompson, spiegavano in merito alle due strade in costruzione nella Paradise Valley, la cosiddetta "Bayshore Highway". Il loro messaggio, fu che la battaglia deve essere impennata nella legislatura dello stato per fare che la strada "Bayshore" sia adottata come parte del sistema statale.

Un riassunto delle franchigie da dare alla Pacific Gas and Electric Company e stato fatto dall'avvocato Davis. Lui disse che le franchigie sarebbero date 25 per cento invece di 50 e che non si potrà tener fuori altre compagnie elettriche.

L'annessione della contea di San Mateo con San Francisco fu discussa da Fred A. Cunningham e quella disse che la proposta di annessione sia ben studiata. Lui spiegò le ragioni in favore e contrarie all'annessione delle due contee; però raccomandando di essere guardigli contro un'azione precipitata.

La discussione su tutti i temi fu liberamente partecipata da molte persone presenti alla riunione.

GENERAL MEETING IS OF GREAT VALUE TO CITY

Six matters of great local importance were discussed and plans for action were made at a general meeting called by the chamber of commerce in the city hall last Thursday evening. Under the guidance of the new manager, Phil R. Thompson, the separate projects of city parks, through car service, the extension of Orange avenue, highways, annexation of San Mateo county by San Francisco, and the Pacific Gas and Electric Company franchise were

discussed. Committees are to be appointed by the chamber of commerce for the executing of action planned by the general meeting Thursday.

Mayor McNellis outlined the park plan, which includes the probable purchase of three tracts of land for the establishment of recreational centers. Opinions expressed by A. T. Arndt, the Rev. Father Moran, Mrs. Carrie Winterhatter, Supervisor T. L. Hickey, John W. Coleberd, and Judge E. E. Cunningham talked on parks and all urged the beautification of the Civic Center as the first step.

John F. Davis, city attorney told of the campaign by the city to secure through street car service. L. G. Hardy, Jr., postmaster was named chairman of a committee to represent the chamber of commerce in securing the service.

Harry A. Cavasso, president of the Merchants' Association, outlined the need for extension of Orange avenue and urged a larger local attendance at the rehearing to be held here next spring.

Supervisor T. L. Hickey and Phil R. Thompson explained the Paradise Valley and Bayshore highway road project. Their message was that the battle to be waged in the state legislature to have the Bayshore road adopted as part of the state program must be undertaken by every individual.

A resume of the franchise to be given Pacific Gas and Electric Company was given by City Attorney Davis. He said the franchise would be given for 25 years instead of 50 and that it would not keep out other power companies.

Annexation of San Mateo county by San Francisco was discussed by Fred A. Cunningham, who urged a careful study of the proposition. He outlined the reasons for and against the joining of the two counties but warned against hasty action.

The discussion of each topic was freely entered into by the persons in attendance.

Riunione del comitato per il servizio tramviario L'avvocato cittadino Davis ha chiamato una riunione del comitato per preparare le evidenze da presentare all'udienza della commissione ferroviaria che sarà tenuta qui il 30 dicembre per discutere la petizione di questa città per un servizio tramviario diretto da San Francisco. La riunione avrà luogo venerdì sera alle ore 7.30 nel palazzo municipale.

Si prevede che per l'occasione sarà impiegato un esperto del traffico che fornirà le date e i ragguagli riguardanti la presente situazione. Il comitato è composto dai cinque consiglieri cittadini, da cinque rappresentanti dell'associazione dei manifatturieri, dall'associazione dei mercanti e dalla camera di commercio.

COMMITTEE ON THROUGH CAR SERVICE TO MEET City Attorney Davis called a meeting of the committee to prepare evidence for the hearing to be held here December 30 by the railroad commission on the city's petition for through street car service from San Francisco. The meeting will be held Friday evening at 7:30 in the City Hall.

It is expected a traffic expert will be hired to furnish data. The committee is composed of the five city trustees, and five representatives from the manufacturers' association, the merchants' association, woman's club and the chamber of commerce.

GUARD IS PLACED AROUND IRON WORKS

Statewide Search Started for Men Who Bombed Hendy Factory

SAN JOSE, Nov. 26.—Special guards have been thrown around the plant of the Joshua Hendy iron works at Sunnyvale, and Sheriff George W. Lyle has instituted a statewide search for two well known San Francisco agitators as a result of the bomb explosion in the iron works late Friday night in which two workmen were seriously burned with molten metal and over \$10,000 damage was done to a cupola of the plant.

The names of the agitators have been withheld by Sheriff Lyle. It is known, however, that the man had been loitering about the plant shortly before the explosion, and within an hour following the explosion they left Sunnyvale apparently in great haste. Sheriff Lyle is making a personal investigation, assisted by Deputy Sheriffs Ed Raymond and Harry Martin.

Both Jonas Larson, cupola hand, and Jack Healy, assistant foreman, who were the victims of the explosion, will recover from the effect of the burns, it is said. It was at first reported that they were fatally burned.

H. S. Rexworthy, manager of the plant, spent Saturday in this city recruiting a force of men which are now guarding the plant. All have been instructed to allow no strangers to enter.

The bombing has been definitely assigned to labor trouble at the plant by P. J. Behrman, president of the plant, as the result of

Si vuol fermare i GIOUOCCHI D'AZZARDO IN CTTA' Giovedì sera, alla seduta del Board of Trustees, il sindaco H. P. McNellis, introducendo il soggetto dei giochi d'abbardo in questa città, il board biasimò la condotta di certe sale da sigaro e venne nella decisione di fare pulizia completa in Grand avenue e nelle vie adiacenti.

L'opinione del Consiglio e' che il capitano di polizia Belloni dovrebbe essere istruito d'impedire i giochi d'azzardo, di tenere lontano la canaglia di San Francisco che ora infesta questa regione, di vedere che i regolamenti dei fabbricanti della sezione commerciale siano rispettati, e che le vetrine delle sale da bigliardo non oltrepassino i regolari quattro piedi d'altezza dal livello della strada e siano liberi in modo da poter vedere cio' che succede nell'interno.

Fra gli altri affari del consiglio vi fu l'accettazione del lavoro di pavimentazione dei contradi; la decisione di fare tutte le provviste per la città al primo d'ogni mese e inoltre fu deciso che tutti quelli che intendono fabbricare ne presentino i disegni al consiglio per la debita approvazione.

WILL CHECK GAMBLING IN THE CITY

Condemnation of the conduct of local pool rooms and a decision to clean up Grand avenue and its adjoining streets was made by the Board of Trustees Thursday night following the introduction of the subject by Mayor H. P. McNellis. It was the opinion of the board that Chief of Police Belloni should be instructed to stamp out gambling, to keep the riff-raff of San Francisco that now infests this region on the move, to see that business-building regulations which require windows to be no higher than four feet above the ground level and which bar all obstruction to a view through the building are strictly enforced.

Other business of the board included the passing of a resolution accepting alley paving; decision to make all city purchases of supplies on the first of each month; and to have all persons who intend building present their blue prints at a meeting of the trustees to render service.

REDAWOOD CITY, Nov. 27.—An attempt to burglarize the Pat Boy Barbecue building on the highway here early Sunday morning was frustrated when Chief of Police C. L. Collins arrested Elmer Johnson, 18, and John Leland, 19, and locked them in the county jail.

The youths were discovered by Arthur Bray and his son, Philip. One of the alleged burglars had broken a pane of glass, while the other picked the lock in the door. Chief Collins responded to the call and took the two boys into custody.

At the jail the youths told the police that their home was in Illinois, and that they had been "beating" that way around the country. They planned to rob a barbecue stand near San Jose, according to a confession they said to have made to the police, but were frightened away and came to Redwood City, where they were halted by the arrival of Chief Collins.

UN DISTURBATORE DELLA PACE CONDANNATO A 30 GIORNI

Lunedì mattina, Lee Cullen di questa città fu portato a Redwood City nelle prigioni della contea per servire 30 giorni di sentenza. A secondo a quanto disse il capo di polizia Belloni, Cullen si ebbe moltissime opportunità di emendare i suoi modi, ma non volle pigliarne vantaggio.

Pablo Zubia del South City Hotel, lunedì fu pure condannato dal City Recorder Cunningham a 10 dollari di multa per aver disturbato la pace.

DISTURBS PEACE, GETS 30-DAY SENTENCE

Lee Cullen of this city was taken to the county jail in Redwood City Monday morning to begin 30 days for disturbing the peace. Cullen, according to Chief of Police Belloni, had been given several chances to mend his ways but failed to take advantage of them.

Pablo Zubia of the South City Hotel was fined \$10 for disturbing the peace on Monday by City Recorder Cunningham.

REDAWOOD CITY, Nov. 27.—An attempt to burglarize the Pat Boy Barbecue building on the highway here early Sunday morning was frustrated when Chief of Police C. L. Collins arrested Elmer Johnson, 18, and John Leland, 19, and locked them in the county jail.

The youths were discovered by Arthur Bray and his son, Philip. One of the alleged burglars had broken a pane of glass, while the other picked the lock in the door. Chief Collins responded to the call and took the two boys into custody.

At the jail the youths told the police that their home was in Illinois, and that they had been "beating" that way around the country. They planned to rob a barbecue stand near San Jose, according to a confession they said to have made to the police, but were frightened away and came to Redwood City, where they were halted by the arrival of Chief Collins.

"Portola", Famed Resident of Peninsula, Passes

One of the last connecting links between the old Spanish days in California and the modern age died with his boots on Monday night at Burlingame, when Don Nicholas A. Covarrubias passed away while sitting in his easy chair at the home of his son, Edward A. Covarrubias, 1515 Chapin avenue.

Don Nicholas was the Gaspar de Portola of the great Portola celebrations of 1909 and 1913. He was 86 years of age, and was born in Santa Barbara in 1839 when that town was under Spanish rule.

Don Nicholas not only knew California's early history—he was a part of it. He could recall when that Indians drove out the ranchers near Santa Ynez early in the 50's and burned their homes. He was a member of the second San Francisco Vigilance Committee.

He was four times sheriff of Santa Barbara county, and once to capture a bandit, he rode 90 miles in a day, from Santa Barbara across San Marcos Pass to Guadalupe—a tremendous feat of horsemanship. And he did it without a change of horses.

Lighthouse Keeper

He was keeper of the lighthouse at Point Loma for a time. With a puzzled air and a shake of his head, he would tell how he lost that position.

"I can't understand why they discharged me," he would say. "They had nothing against me except that I forgot to keep the light burning."

Under President Cleveland he was appointed United States marshal for Southern California. Always a superb horseman, he proved at 70 years of age his ability to lean down from a galloping horse and pluck a coin from the ground.

He carried a dagger always, though he was the gentlest of men and never was known to use it. But it was typical that he carried a bit of steel from old Toledo, and he would demonstrate by driving the point through a silver dollar without effort.

Was Widely Known

Covarrubias gained state-wide fame when chosen to enact Gaspar de Portola, discoverer of San Francisco Bay, in the Portola Festival in San Francisco in 1909. He later re-enacted the role at celebrations in 1913, and at the Panama-Pacific International Exposition.

Covarrubias is survived by three sons and a daughter. They are Edward A., Rosme, and Andrew of Burlingame, and Mrs. H. W. Howe of San Francisco.

GREAT CROWD DISCUS COMMUNITY PROBLEMS AT MASS MEETING

(Continued from page 1)

The Rev. Asa P. Beall complimented the gathering on its aggressiveness and spirit of unanimity. He told a story about a frog that had jumped into a can of cream and struggled until he had churned the cream to butter and secured safety. He drew a parallel between the meeting and the frog, urging local citizens to stir things up until the projects they favored were completed.

Under the division of highways, Supervisor Thomas L. Hickey said the first mile of the Paradise Valley road, to be constructed behind the cemeteries from Daly City to this city, was being built. He urged the city to provide four-tenths of a mile of paving on Chestnut avenue to connect the city street system with that highway and also to plan for the junction of the new road at Linden avenue. His last remarks were directed toward the support of the people toward the highway program of the governor's committee of nine.

Phil Thompson also dwelt on the necessity of preparing for a fight in the legislature to have the Bayshore highway taken over as part of the state system. Judge E. E. Cunningham traced the history of the Paradise Valley route and stated that Supervisor Hickey was the first official of this township in 30 years to make a fight for the road.

City Attorney Davis reported that negotiations for a franchise with the Pacific Gas and Electric Company were centered on cutting the time down from 50 to 25 years. He said it would not be an exclusive franchise.

Supervisor Thomas L. Hickey told the meeting that the franchise for the Dumbarton bridge had been issued by the supervisors and gave a resume of the toll system to be in vogue.

Declaring that he had formed an opinion on the proposed annexation of San Mateo county by San Francisco, F. A. Cunningham proceeded to outline arguments for and against the annexation, as he had heard them. Arguments for included necessary expansion in local factories. Arguments against annexation centered around the loss of identity by San Mateo county and a probable higher tax rate. He warned the gathering that we must provide for the conduct of our own affairs and guard against being out-voted on large matters in the event of consolidation.

Dr. F. S. Dolley, Judge Cunningham, Thomas L. Hickey and the Rev. Father Moran all warned against haste in the matter of annexation and urged thorough study for every citizen before making a decision.

With the outlining of efforts to secure a modern billboard to replace the disgraceful signboards now adjoining Neri's furniture store, and the program for the selection of a slogan for South San Francisco by the manager of the chamber, the first historic general meeting was closed upon motion from the floor.

A STEP IN THE RIGHT DIRECTION

Move to Stamp Out Gambling Is Opening Shot in Removing Conditions That Are Holding the City Back

Declaring against the deplorable conditions existing in South San Francisco in regard to gambling and the presence of roustabouts on our streets, the board of trustees outlined a policy in its meeting Thursday that will enlist the support of every good element in the city.

Some expressions have been heard in the past that the new trustees on the board favored a "wide open town" and that while they did not encourage gambling, bootlegging and the rest, they did not discountenance them. Thursday night Mayor Hugh F. McNellis dispelled this illusion by declaring in board meeting that pool rooms must meet with the requirements of the city laws which are to be strictly enforced.

There is no doubt the new board would have taken an earlier stand had there not been the necessity for first acquainting themselves with new duties.

Anyone at all conversant with local conditions will recognize that gambling has held the town back to a great extent. The gambling dens have gotten a great portion of the wages that the merchant should have gotten in payment for necessities he has supplied. In some cases factory heads have declared they would not advise their men to live in South San Francisco because of the prevalence of gambling and bootlegging in the city.

The wiping out of existing evils will mean a greater city. The action of the board in ordering all laws in regulation of pool rooms strictly enforced is the first step in the right direction. It is consistent with a policy that has already started to secure parks and direct car service.

BE GEORGE YOURSELF

Everyone Has a Part to Do in Putting Over the City's Six Big Projects; Find Yours and Do It

Realization that by helping the city to put over the six projects it has undertaken he will automatically help himself and his own business, should cause every member of every committee named by the chamber of commerce and by the city trustees to work on the job to which he is assigned. That is placing service on a very practical basis. Sometimes it is necessary to establish such a basis when civic pride fails. While civic pride is much in evidence, the ordinary committeeman in this region is apt to let George do the work. Be George yourself for the next few weeks while South San Francisco secures the parks, the extension of Orange avenue, through street car service, the Paradise Valley road, a guarantee that the Bayshore highway will be taken over by the state and extended to San Jose, and until the question of annexation is settled.

A great deal of the prosperity of the southern part of the state is attributed to the ability of persons in that region to work together. Throughout the lower San Joaquin valley and in Los Angeles a committeeman is a committeeman indeed and not merely a member of a committee. In that respect we of the northern part of California may well follow suit.

South San Francisco's boom has started. Its size will depend upon the personal effort furnished by everyone who is called upon to aid and the endorsement of those who are not.

WILL STAY IN CABINET

Unspecified changes in President Coolidge's cabinet having been predicted, the news that Secretary of Commerce Hoover and Secretary of the Navy Wilbur are to remain is reassuring to the public. To California the assurance of continued services of those two officials is comforting to local pride, since both executives reside in this state. But the greater reason for our gratification is the same as that which is shared nationally.

Secretaries Hoover and Wilbur are among the strongest assets in the administrative personnel. Each of these men has taken to the capital a reserve of ability that is extraordinary and dependable. Both are men of highest personal repute as well.

It is to be hoped that the cabinet recruits who will succeed to the positions that will be vacated will be worthy matches for the two California members. A cabinet thus composed would be a wonderful body.

SOUTH SAN FRANCISCO FORWARD

Live Interest Shown in All Civic Enterprises; More Meetings Promised

Those who missed the general meeting called by the chamber of commerce for the discussion of several projects of local interest missed a liberal lecture in civics and local development. The meeting was significant in two respects.

It showed conclusively that the chamber of commerce, hitherto a hit and miss affair, seemingly without organization or direction, is now a unified body working for the good of the whole community. Under the leadership of Phil R. Thompson it is expected the chamber will take its place as the leader in civic enterprise.

That more than 100 citizens would spend two hours in the discussion of vital topics shows that they are alive to their own immediate problems and all that they need is an opportunity to express themselves and direction in action to obtain the many things South San Francisco needs.

More meetings of this kind are promised for the future. The further progress of South San Francisco can be dated from last Thursday evening.

ATTITUDE TOWARD ECONOMY

We Are Strong for It in the Abstract; but Disregard It When Desiring Something Concrete

The illogicalness manifested by the public mind would indicate faith in miracles. We demand vociferously cuts in the public expenditures as a whole, but not only resist every effort to reduce expenses in individual cases, but keep pressing demands for further expenditures for other things we desire.

It was undoubtedly public faith in President Coolidge's pledges for further retrenchments in public expense, and his prophecies of possibilities of still further cuts in taxation that was responsible for a considerable portion of the big popular vote he received. Having elected an executive pledged to economies, we seem disposed to consider that the savings are automatically achieved in that result, and that the way is now open and the time ripe to demand the further things we want, oblivious of the fact that they can be obtained only by increasing the costs of government.

There was a gubernatorial candidate once who professed to be able to reduce state expenses by large amounts without having it felt. But the record after his inauguration failed to convince the public that Poor Richard was wrong when he declared that "you can't eat cake and have it too."

Now that the presidential election is over and congress is soon to convene, plans are being perfected here and there for demands for appropriations for this and that. The question of reducing public expenses is forgotten—by the public. We elected Coolidge to have an eye on those things; it is our interest only to see that we get the extra things we want.

And apparently President Coolidge is keeping his eye on the expense sheet. There is the instance of the postal workers, for example, preparing to renew their demand for higher pay. The president vetoed the last postal pay bill which congress passed because it failed to make provision for the revenues which would be necessary to produce the appropriation sought. He is not opposed to the postal pay increase per se, it is intimated. But money cannot be spent unless it is first made available.

Proponents of any measure calling for specific appropriations should look carefully to the revenue feature of whatever bill is presented if they hope to have it get the presidential sanction in addition to the affirmative vote of congress.

Remember the city wants through street car service and will tell the railroad commission so in a hearing in the city hall on December 30. Partly for the want of a big audience at the hearing held early in summer the extension of Orange avenue was denied by that commission. Plan to attend the next hearing. The railroad commission is guided to a certain extent in its decisions by the presence or absence of large audiences at its hearings.

HIGH SCHOOL CIRCUS

If you should have happened to be near the local high school last Tuesday (November 18), a volley of shouting, cheering and yells would have awakened you to the fact that "something" was going on in the gym.

That "something" happened to be the basketball game between South City's and Sequoia's girls' basketball teams. The game was snappy and fast from the first blow of the "ref's" whistle until the timer called time.

Sequoia's team was fast and had good team work but South City's was better, and won by the large score of 38-12.

Sequoia's 12's defeated Jefferson's 12's in a game held on our sports the same evening.

GIRLS' BASKETBALL PROSPECTS BRIGHT

Now that hockey season is drawing to a close, the girl athletes of our school are turning to basketball. Our girls' unlimited team has walked away with the P. A. L. championship for two consecutive years and it seems as if they are in line for a third year of victory. The reason for our suggesting said happening is as follows: "Fishy" Fischer at touch center, "Sparky" Schmidt, "Captain" Thomas, and "Wildfire" Dunlap passing, and "Jessie" James and "Dreamy" Dymytiric as guards. Even if during the game one of the girls weaken or attend the well known "canary opera," we still have "Gig" Knock, "Baby" Truax and "Kewpie" Spangler to fall back upon. But you must help the team, too; show up at all the games. Give the team additional pep with your yells and songs, and cheer them into "bringing home the bacon" another time. Let's go!

CIRCUS WILL EXCEL OVER ALL PAST PERFORMANCES

Hoora! It's coming! What's coming? Why, the circus, of course. The annual South San Francisco High School Circus, with its "Gig" Knock, "Baby" Truax and "Kewpie" Spangler, and performers, will be in town Friday, December 5, to furnish the people a night of joy. In years gone this circus has caused greater commotion in our wonderful city than the election of the mayor. It is generally known that from the time it hits town until it has gone there will be plenty of fun. It makes the old folks feel young, and the young feel baby-like. In the past this circus has never been excelled, but this year a show is to be put on that will surpass all others.

Don't forget the date: Friday, December 5, Time: 7:30 sharp. Place: South San Francisco High School. General admission, including acrobatic show, 45 cents.

The general show for the circus will be a half-hour of tumbling and balance stunts. Stunt races will form a part of the varied program. Some of the feats, requiring extraordinary skill and fearlessness, rival those on the stage. Among the events we list the human pyramid, the flip, the elephant parade, the camel walk, the handspinning, the split, and the back flip.

Don't miss the races at the end. No betting allowed—but don't miss them. The speed demons will be "raring to go" at 7:30. General admission tickets take you to this show.

ETHER WAVE RADIO CLUB REPORTS STANFORD-CALIFORNIA GAME

Those who were unable to go over to Berkeley to see the Big Game last Saturday were more than pleased when the Ether Wave Club at the high school sent out the notice that those interested could come and listen in on the results.

The set was in fine condition, and one could almost see the game, play by play.

The set is becoming increasingly popular among the students, as the club has been very kind in broadcasting all the results of the more important features in the athletic world.

SEQUOIA HOCKEYETTES DEFEAT HOME TEAM 2-1

Our girls lost to the tune of 2-1 after an unusually hard fought battle last Friday. Both teams were fairly evenly matched, and although Sequoia led the game in the first half, South San Francisco rallied in the second and would have tied the score had it not been for the referee's questionable decision in the last quarter.

The heroines of the day were Enes Tacchi and Julia Guadagni. Enes made several sensational runs down the field and in one case pushed that little, elusive ball of composition rubber through Sequoia's guard for the one point in South City's favor. Enes may be praised for her marvelous recovery and her skill in conveying the ball through many tight places. If Enes keeps in trim we may expect a great deal of her in next year's games.

Unfortunately, Friday's game dashed to the ground all of our girls' hopes for the championship.

Have you bought your ticket yet? Only one more week, remember! The high school resembles an immense bee hive, due to the unusual amount of work required to put over the circus.

The chorus girls are limbering their limbs, the tumblers are tumbling, singers singing, actors acting, and committees commencing to realize the results of their efforts and plans. All of this is going on without disturbing the regular routine of school work.

General Manager Holt reports that everything is running smoothly and that the patrons may be sure of the full moon's worth. Don't forget to affix one of those yellow diamond shaped placards to your coat and proclaim yourself as a backer of the high school's activities.

UNLIMITED BASKETBALL

Twelve of the "big boys" have turned out for unlimited basketball in the last week, assuring our chances of turning out a winning team of "casaba pushers."

There are five men left of last year's unlimited: "Pop" O'Connell, "Sonar" Robinson, "Gene" Dotson, "Snub" Benne, and "Levi" Raffi, forming the nucleus of this year's team.

Prof. Guy J. Roney is coaching the team and expects the boys to show good form in their scheduled games.

The unlimited plays a double schedule this year—that is, they play one game on the home court and one on the opposing team's court, making a total of 12 scheduled games.

MISS CLIFFORD'S ARCHIE

Have you seen Miss Clifford's Archie, or Archibald as she has christened him? Miss Clifford has been sport in Archie for the last week about town with much pride. We can hardly blame her, for, although he has to be fed quite often, as she found out last Friday, he brings her to school every morning and afternoon promptly on time.

Archie is quite young and frivolous and is inclined to run away with himself—and Miss Clifford. However, Miss Clifford manages to keep him in check quite well. We are all hoping that she will give us a ride some day.

HIGH SENIORS APPOINT CLASS IRIS STAFF

The high seniors, at a class meeting held last week, appointed a staff for the editing of their section of the 1925 Iris.

Those appointed were as follows: E. Robinson, editor-in-chief; Chas. Signorilli, manager; Mary Wallace, assistant manager; Elva Ferrario, literary; Clara Popplano, art; Althea Spangler, snap shots; Elton McGraw, boys' athletics; Genevieve Schmidt, girls' athletics; Dorothy Cohen and George Wallace, joshes.

INSIDE DOPE ABOUT THE CIRCUS

Pop! Cold dogs! That's what you'll hear the low freshies shout when you come to the circus the 5th of December. Under the supervision of Miss Knowles the low freshies will have one of the finest stands of them all.

How would you like to "swat the faculty" sometime? You'll have your chance Friday night, December 5. The sophomores, under the direction of Mr. Reed, will be in charge. Here's your opportunity to show the faculty where to "head in."

Miss Clifford's bathing beauties! They'll be one of the main attractions at the circus a week from Friday. They're good!

The "Nigger stand" will be second only to the Coffeecake stand, and since Miss Gibson's high freshies have charge of both, you can look for something mighty interesting to give you an appetite for the eats they will serve.

You'll feel so hilarious when you find all the fun you are having at the circus a week from Friday that you'll want heaps of confetti, serpentine, balloons and whistles, and Mr. Holt's high juniors will supply your wants in that line and add lots to your pleasure.

At the circus a week from Friday night, you may be in some what of a plight. The low seniors will have hot dogs, candy and popsicles galore. Don't eat too much before that night, else you'll never be able to eat any more.

Do you like to fish? Do you like to dance? Yeh? Well, Mr. Weller and his low juniors have arranged to show you the time of your life by giving you an opportunity to do both when you come to the circus.

That's why they chose them for their stands at the circus. They'll be so good you won't be able to get by without sampling them all.

ALLEGED BANDIT BOUND OVER IN PRELIMINARY

REDWOOD CITY, Nov. 26.—

Frank M. Brown, alleged bandit accused of attempting to rob the Sunshine Service garage at San Mateo in August, and who, it is charged, was shot and seriously wounded in an exchange of pistol bullets with the proprietor of the garage, was held to answer to the superior court here yesterday at a preliminary hearing conducted in Redwood City by Justice of the Peace Walter M. Bird of Burlingame.

Brown was bound over on two charges, one of robbery and the other of attempted murder. He was arrested in a San Francisco hotel after the holdup. When officers found him he was dangerously wounded. Police believe he received the wound in the gun duel with the garage man. The latter testified at the hearing this morning that the prisoner had the general appearance of the bandit, although he could not identify him positively, he said.

Brown was to appear before Justice of the Peace Bird in Burlingame, but Sheriff T. C. McGovern deemed it unwise to subject the prisoner to unnecessary exposure, owing to his physical condition, so the preliminary was arranged and held at the sheriff's office, with District Attorney Franklin Swart representing the people and City Attorney Albert Mansfield defending the suspect.

Bail was fixed at \$10,000 cash or \$20,000 bond for each charge.

Peanuts! Punch! Eskimo pies! Yum, yum! The low sophomores know good things when they taste.

Full program of the circus will be printed next week. Watch for this and for further announcements. The tumbling acts begin right at 7:30 sharp, and the general admission tickets admit you to this splendid performance. Plan to see these wonderful acrobats and be sure to get here on time. A splendid program will be given right after the acrobatic stunts—this will be something different and unusually interesting.

Did you notice the classy posters advertising the circus? Yes, the art department got them out. Pretty good, eh?

There's going to be a big parade a week from Friday, December 5, p. m. It will be led by the High School Band, and will have a lot of clowns, stunts, etc. Watch for it.

PERSONAL ITEMS FROM COLMA

**MISS PAULINE BENASSINI
WED TO ALBERT PARMISANO**
Miss Pauline Benassini, oldest daughter of Mr. and Mrs. P. Benassini became the bride of Albert Parmisano of Crocker Tract at an exceptionally pretty ceremony in Holy Angels Church last Saturday evening. The bride, who was gowned in a white beaded dress and lace veil, was given in marriage by her father Pete Benassini. She carried a lovely shower bouquet of orchids and cyclamen.

Her attendants Misses Vivan Benassini and Josephine Parmisano wore orchid and green beaded gowns and also carried shower bouquets of cyclamen. Miss Rita Benassini was the pretty little flower girl and Frank Rancatori, dressed in white satin, was the ringbearer. Augustine Benassini and James Reardon were best man and usher. Mrs. John Clervisang Me.

The ceremony was performed by the Reverend Father Bertola in the presence of numerous friends and relatives of the young couple. A reception was given at the home of the bride's parents and over one hundred guests were seated at the sumptuous wedding dinner. Miss Margaret Grady caught the bride's bouquet. Many handsome wedding gifts were received by Mrs. Parmisano. After a brief honeymoon in the southern part of the state Mr. and Mrs. Parmisano will reside in the Crocker Tract where they will build a home.

The Colma Jefferson girls' baseball team defeated the Daly City team for the fifth time on the Dennis lot on November 13. The scores for the five games were as follows: 1 to 0, 17 to 4, 14 to 8, 7 to 1, and 38 to 7, all in favor of the local team. The lineup was as follows: Emily Bauer, catcher; Emma Ver Linden, pitcher; Viola Lagomarsino, first base; Mabel Bertucci, second base; Genevieve Johnson, third base; Mary Gaggero, left field; and Victoria Ranconi, right field. Norman Tognoli, Maxine Slaght and Laura Passaglia substitutes.

Rod MacDonald of Coursing Park visited old friends in Salada Beach last Saturday.

Mrs. Jack Dennis won one of the prizes at the St. Maximus whist party in Eagles Hall, Daly City, last Wednesday afternoon.

EL CARMELO PARLOR WHIST IS SUCCESS

El Carmelo Parlor No. 181, Native Daughters of the Golden West sponsored a most successful whist party in Masonic Hall, Daly City, Wednesday evening, when the building was packed to capacity with whist players. The game was conducted by E. Ford. The following were awarded prizes: Mrs. A. Harrison, Jack Callan, Martin Powers, Miss Alice May, Mrs. B. S. Greene, Mrs. R. E. Wall, Jean O'Hancabal, B. Hercke, Mrs. Edward Bauer, Mr. Gray, Robert Herringa, Helen G. Hart, Mrs. Larry Shaw, Grace Johnston, Marie Shaw and Clarence Schmidt. Mrs. Carl Schwarz was awarded the door prize. Little Helen Christen took home the immense box of groceries. It was won by Mrs. Troy of Genevieve Parlor, San Francisco.

Members of Golden West orchestra of San Francisco provided music for dancing. There was also a basket prize. Miss Sylvia Haubrich was in charge of the affair and was assisted by Mrs. Earle Jones, Mrs. Josephine Johnson, Mrs. Margaret MacDonald, Miss Thelma Selmi, Miss Sarah Batini, Miss Marguerite O'Connell and Miss Julia Sampson.

Doyle Funeral Held

Many Colma residents attended the funeral of Patrick Doyle last Tuesday morning. Mr. Doyle was a native of County Tyrone, Ireland, and was a resident of Colma for over thirty-five years. Many floral offerings were sent by friends who extend their sympathy to the bereaved family. A requiem high mass was celebrated for the repose of his soul and the body was entombed in the Holy Cross Cemetery Mausoleum. He was the beloved husband of Mary A. Doyle and father of Agnes M. Doyle, and Mrs. E. Gannon, James P. John, William, Joseph and Alfred and Eddie Doyle.

Mrs. E. Rubio of King City visited relatives here en route to Oakland.

Are you one of the local plant men who can be thankful you are a part of South San Francisco? Or, are you still turning your back on Opportunity by living miles from your work?

The prosperity of South San Francisco is assured. The development of the first unit of the Bayshore Highway, and the granting of a franchise for Dumbarton Bridge, mean thousands of tons of traffic through this city, and will contribute largely to its future growth. These are realities.

Efforts of the Board of Trustees and civic organizations to secure parks, through car service from San Francisco, the Paradise Valley Road and many other necessities stamp South San Franciscans as far-sighted men who will battle for the things they need. Join in those efforts that will make South San Francisco the leading industrial center of the west. You can best aid the forward movement by living near your work.

And, on next Thanksgiving Day you will be happy that you saw the chance to join a live municipality.

AUTO PRODUCERS NOW FURNISHING GLASS ENCLOSURES

Dodge Brothers are now distributing through their dealers a special enclosure with glass windows, which will provide closed-car appearance and comfort for purchasers of the open car models, at slight additional cost, according to recent announcement. The special enclosure does not require any change in top construction and is therefore adaptable to those cars of the present model which are already in the hands of owners, according to advice from Dossin Bros., San Mateo county Dodge Brothers dealers.

In comfort, safety, economy, convenience and appearance, the enclosure has won enthusiastic endorsement by those who have already seen it and experienced its use, the dealer says. It presents a means of ventilation that is unique among enclosures of similar type and cost. Construction is said to be very durable, with special features to prevent glass breakage.

The speed with which the open car can be converted by this enclosure has probably been the outstanding cause for praise. A demonstration of this phase of the enclosure clearly shows an advantage for it over the old-style side curtains with celluloid windows.

This latter feature is one that has been quickly grasped by those who have seen the enclosure. Its ease of conversion makes it possible to use the enclosure when the weather is such that it is needed for comfort, and yet the owner can take full advantage of the joys of an open car on those rare fine days that come occasionally in the winter season. A special pocket is provided at the back of the front seat where the enclosure can be carried when not in use. Change from open to closed, or the reverse, can be accomplished in less than five minutes.

Clear vision is a safety factor that has not been overlooked. Blind spots are reduced to a minimum, so that perfect vision can be had on all sides of the car by the occupants.

INDUSTRIAL ZONE NEWS

SAN MATEO HIGH MAY FORFEIT GAMES WON; STAR IS INELIGIBLE

Ted Anderson, star San Mateo, he stated however, that he was fullback, has been declared ineligible by officials of the North Coast section for the California interscholastic Federation because he is over the C. I. F. age limit of 21 years. Evidence showing this was produced at a C. I. F. meeting Monday night at Olympic Club and the San Mateo star was ruled out. As a result the Orange and Black grid team will forfeit all games won this year.

Anderson stated in 1919, when he joined the navy that he was born May 11, 1901. A short while ago when he applied for membership in the Order of De Molay he gave his birth date as May 11, 1903, which would still place him above the age limit for high school competition. Upon entering San Mateo high this semester,

HETCH HETCHY WORK HALTED; FUNDS LACKED

Power of City Engineer M. M. O'Shaughnessy of San Francisco has been shorn from him by the board of supervisors in that city, who on Monday passed to print an ordinance depriving him of the authority he has had for eleven years to purchase supplies and enter into contracts involving millions for Hetch Hetchy construction.

Co-incident with this action of the board, Acting Mayor Ralph McLean issued an order over O'Shaughnessy's head to the board of works which stops work at once on approximately 50 per cent of the great Sierra water project and lays off 500 men.

McLean announced there was a \$332,567.33 deficit in the construction fund through the city engineer's alleged failure to keep the work within estimates and to advise him in advance of the impending shortage.

Monday's action was the climax of a long controversy between Supervisor McLean as chairman of the finance committee and the city engineer over the handling of Hetch Hetchy funds. Its effect was to take out of O'Shaughnessy's hands not only what remains of the original \$45,000,000 bond issue funds, but also the \$10,000,000 bonds recently voted and which will be available early next year. McLean's order to the Board of Works directing that certain work be stopped and certain other work be prosecuted also takes over to the mayor's office engineering powers hitherto exclusively vested in O'Shaughnessy. McLean issued the order on his own responsibility as acting mayor.

McLean's "stop" order specifically exempts the electric power plant and transmission lines now nearing completion. The order directs that this work go forward to the limit of funds available.

McLean deplored the necessity of the shut-down. "It is mandatory on our part as the only alternative," he said. "Work will stop Wednesday. Lining of the tunnels must stop immediately. We are at the end of our financial string. After January or February, after the new \$10,000,000 bonds are sold, perhaps we can work this financial problem out more satisfactorily. But until then my order goes."

Continuation schools for dress-makers' apprentices are maintained by the ministry of education of Czechoslovakia. Students may choose one of three courses, each of which requires eight hours a week. All of these courses include drawing and other technical subjects related to the dress-making trade. Other subjects taught in these courses are hygiene, arithmetic, bookkeeping and civics.—School Life.

COUNTY "Y" BUDGET SET AT \$6720

By the adoption of a budget of \$6,720 for the coming year, the recently organized San Mateo County Young Men's Christian Association hopes to carry on a campaign to unite the efforts of men and boys to "create and extend high standards of Christian character," according to a statement made today by William H. Eddy, chairman of the committee in charge.

Since its creation, the committee has held meetings weekly in San Mateo, Eddy said. "The Y. M. C. A. is organized to give service to the entire community in which it is located," asserted Eddy. "Having no equipment of its own at the present time in the county, our new organization is co-operating with home and church, and it seeks to unite the efforts of men and boys to create and extend high standards of Christian character."

The new association is developing its work along two lines: first, by definite group programs, in conjunction with Sunday schools, school groups and other units; and second, through the development of a co-operative community spirit with a varied program of constructive activities, such as athletic leagues, swimming meets and entertainments.

This program is backed by the Young Men's Christian Association of San Francisco, the oldest association in the West, as well as the Y. M. C. A. state committee of California.

At a recent meeting the county committee adopted a budget for the year, amounting to \$6,720, and

Stanford-Notre Dame Game Hanging Fire; Warner Will Lose Heavily By Graduation

Football sang its swan song this season last Saturday. With the exception of a few scattered contests set for Thanksgiving Day and the several post-season games, intercollegiate football throughout the country are packing away their equipment.

Stanford, Pacific Coast Conference champion, faces no problem of a post-season affair—yet. But it is far from impossible that the Cardinals may yet arrange such a contest. Monday night members of Glenn Warner's squad voted unanimously to play any representative eastern team selected for a New Year's Day game.

Cards Vs. Notre Dame? Press dispatches from Pasadena yesterday mentioned Warner's eleven as a possible opponent for Notre Dame on January 1. The Rose Bowl. No definite decision has been reached by the Pasadena people yet as to who will represent the West in this game. U. S. C. has applied for the honor, but the Trojans were beaten by California and St. Mary's. The conference standing at the end of the season is as follows:

1. Stanford University.
2. University of California.
3. University of Washington.
4. Southern California.
5. University of Idaho.
6. University of Oregon.
7. Oregon Aggies.

PHONE COMPANY INSTALLS SPECIAL SWITCH BOARD

In providing for future growth and development of this city, the Pacific Telephone and Telegraph Company will soon begin work on a project which will on completion furnish additional central office telephone equipment necessary to handle calls to and from an increased number of subscribers, according to J. P. Adams, manager for the telephone company in this district. A special manual type switchboard will be added to the sections already in use. The estimate cost of the new facilities will be approximately \$6,000.

The telephone company's latest project comes as a successor to numerous activities in South San Francisco and its environs, inaugurated in the interest of keeping local telephone service of metropolitan grade.

Two committees of Massachusetts superintendents have recently been formed for the study of problems pertaining to rural education. One of these committees is making a study of problems of the one-teacher school, the other of the transportation of children to school. Both committees are expected to report to the annual state conference of superintendents in May.

a campaign to secure this fund will be commenced December 1, continuing to December 5. With this budget secured, the "Y" hopes to devote its entire time to the development of its San Mateo county program.

NEW MERCHANT CAR PRODUCED

The new Maxwell merchant car, most recent offering developed by the factory engineers, is being exhibited in San Francisco for the first time this week by George Campe, Inc., Northern California distributor for the line, according to Ed Nolan, local dealer.

The new vehicle, which is designed to fill the needs of merchants and others who require light, speedy cars for delivery and general utility service, carries the standard Maxwell chassis with necessary changes to conform to commercial car requirements.

The merchant car bodies are new in design and are furnished in enclosed panel and open express models. The latter type is particularly adapted to the uses of the city merchant. The panel body car, which is unusually attractive in design, should, the dealers say, find a ready sale to department stores, florists, grocers, laundries, dry cleaners, and in fact, to any business requiring a delivery service.

A new feature is the vestibule doors, sliding parallel with the sides of the body, on roller bearings instead of swinging on hinges. Particular care has been given to the comfort of the driver and to speeding up his handling of the car with a minimum of delay.

The cars are designed to accommodate a one-half ton load and are lower in price than the standard Maxwell touring cars. The panel on either side of the body are specially raised to provide better display of the merchant's firm name or advertisement.

The chassis of the delivery car is one of the new Chrysler-built jobs and incorporates all of the latest improvements announced by Maxwell recently. A substantial increase in power, oversize cooling capacity, ball-bearing steering mounting and other features are noted.

REINFORCE GLANDS TO KEEP YOUNG SAYS SCIENTIST

Thousands of Men and Women Now Take Glandogen to Help Regain Normal Health, Vigor, and Strength

Dr. Arnold Lorand, of Austria, says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions if changed by age or disease by means of extracts obtained from similar organs of healthy young animals."

GLANDULAR ACTIVITY NECESSARY IF IMPORTANT ORGANS OF BODY PERFORM THEIR FUNCTIONS.

At a recent medical convention in Chicago, Dr. Roy Upham, President of the American Institute of Homeopathy, stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Serge Voronoff, an international authority on Organotherapy, has said: "The brain, the nerves, the muscles, as well as

the liver, the kidneys and all other organs would be incapable of playing any useful part without the aid of the glands. The functioning of our organs is no more than the activity of our glands, young animals, combined with when the bodily functioning is disturbed, the cause in most cases Glandogen is scientifically should be sought, not in the condition of the organ itself, but in supply you. Mail orders accepted.

the condition of the gland which controls it." Dr. Samuel J. Staub, according to a recent dispatch, said that people suffering from that "below par" feeling, accompanied by loss of appetite, sleeplessness, loss of weight and so forth, can be set right by having the balance of their glandular secretions restored.

GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM.

Hundreds of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since Science has prepared a gland treatment in simple compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other efficacious ingredients. Pendulabed, the cause in most cases Glandogen is scientifically should be sought, not in the condition of the organ itself, but in supply you. Mail orders accepted.

SAN BRUNO NEWS ITEMS

SAN BRUNO TO INSTALL LIGHT BRACKET SYSTEM

The chamber of commerce held its mass meeting in the city hall Monday evening. A large number of our citizens were absent. The majority of those who did attend were in favor of having San Mateo avenue lighted.

The question of whether it would be better to have the brackets or electrolights was discussed, and the information given that the brackets would be \$4.20 per light, while the electrolights, which would have to be installed by the city itself, would be \$4.20. Mr. Robinson of the Pacific Gas and Electric Company gave much information and was able to answer most of the questions put up to him by the people.

J. T. O'Connor, L. Graeger, Dr. H. Smith and Emil Halter, our city trustees, all joined in the discussion. Mr. Maurer, Thomas Wiedemann, and L. M. Hawkins, and many others spoke strongly in favor of the brackets, and the majority of the people favored the new lights.

It will now be put up to the merchants of San Mateo avenue to do their part and help to get this very necessary improvement. When they put their right foot forward and make a start in the right direction then the people will follow and get proper lighting for all the other districts in San Bruno.

After the mass meeting at the city hall a second meeting was called and the merchants and people got busy and collected \$180. The committee, which consists of Mrs. L. M. Hawkins, chairman; George Clark, and Recorder Rapsey, will take charge of this money. Unfortunately Recorder Rapsey was not able to attend.

The money was donated by the following:
L. M. Hawkins, \$25; G. Clark, \$25; J. Bolliolo, \$25; Mr. Schmidt, \$25; J. Maule, \$25; Mr. Hultberg, \$25; Mr. Weaver, \$25; Mr. Wiedemann, \$25.
Total, \$180.

Alice Henderson of Belle Air Park has been on the sick list the past week.

Mr. Weaver, our enterprising and up to date plumber, is to open a new establishment in the near future.

Land subject to sale at San Francisco, containing 167.29 acres of land.

PARCEL TWO
The portion of the northwest quarter of Section 2, Township 6 South, Range 5 West, M. D. B. & M., and bounded on the east by the lands of J. N. Lock, on the north by lands of J. N. Lock, on the south by lands of J. N. Lock, and on the west by the county road that leads from Spanishtown to Bolinas and Hatch's sawmill, running through the said John Higgins Rancho, and containing 6 acres of land, more or less.

PARCEL THREE
Bounded on the northeast and west by the county road that runs and leads from Spanishtown through the Higgins Rancho to the Borden and Hatch Lumber Mill on the Pacifican Creek and on the south by lands of J. M. Locke, and containing 4 acres, more or less, said lands when conveyed being a part of the Higgins Rancho; that part thereof which was conveyed by deed by John Higgins to his son John J. Higgins on the 1st day of March, 1925, and recorded in Volume 77 of Deeds at page 318.

Terms and conditions of sale, cash in lawful money of the United States, ten (10) per cent of the purchase money to be paid at the time of sale, balance on confirmation of sale. Deed and abstract at the expense of the purchaser.

All bids or offers must be in writing and may be left at the law office of J. W. Coleberd, attorney for said administrator, at Bank Building, in the City of San Francisco, County of San Mateo, State of California, may be delivered to said administrator personally at his office at Bank Building in said City of San Francisco, or may be filed in the office of the clerk of the above entitled court, at any time after the first publication of this notice and before the making of the sale.

Date November 27, 1924.
J. C. McGOVERN, Administrator of the Estate of Patrick Francis McGovern, also known as P. F. McGovern, Deceased.
J. W. Coleberd, Attorney for Administrator.

HIGH SCHOOLS HAVE VACATION

The San Mateo Union High School and Burlingame High School had a vacation Friday, because the school football team had a match at Watsonville to decide the Coast counties championship. The faculty members accompanied the team, as did many rooters. San Mateo won the game. Score, 47-6.

HOLD THANKSGIVING SERVICE

The Sunday evening service at the Methodist Church was a Thanksgiving service. The Epworth League took the lead. Mrs. William G. Holliday occupied the chair and conducted the meeting in a very praiseworthy manner, giving a very interesting explanation of the different hymns that were sung and how they came to be written. Mr. Bollier and Mrs. Stanford were also asked to speak and responded. "The Challenge of the Cross," which is a very interesting play, but rather misleading, was given by a group of young ladies, members of the league, who acted their parts well. Miss Gladys Becker and L. G. Stanford sang a duet while the male quartette supplied the music for the play.

The Rev. L. G. Stanford gave a short address, and called upon the audience for a response. The hymn, "Just As I Am," was sung, and the service closed with the singing of the doxology.

Mrs. Marshall, well known workers for the Edgemont P. T. A., has recovered from her recent illness and is able to be around again.

President Bergman, of the chamber of commerce called a special meeting Thursday morning to consider the lighting of San Mateo avenue, to which the city trustees were asked to attend.

Mrs. Parish of Lomita Park is recovering from an operation performed recently.

The Civic League gave a whist party at the home of Mrs. Holberg on Mason avenue to raise funds to help the work the league is trying to do in San Bruno. Come to the regular meetings of this organization, every first and third Monday in the month, and help us get the improvements for our city that every first class city needs.

Next meeting will be held in upper California Hall, Monday, December 1.

Dwight Stanford, talented little violinist of San Bruno, who has been seriously ill at the home of his parents in Fourth Addition, is reported as improving slightly.

Mr. and Mrs. Niebold of San Francisco, accompanied by their little granddaughter, Anna, were at the home of Mrs. L. A. Untermyer of Fourth Addition. They are property owners in San Bruno.

The fall returns from the carnival held at the Methodist Church, Friday evening, have not come in yet. The halls were well filled and big results are expected.

Ernest Klievesahl, Bill Schiedel, Bartel Erickson, and Jack Galleher are enthusiastic duck hunters who have not been successful in their recent trips, but they will try again.

ENTERTAINED IN DAUGHTER'S HONOR

Mr. and Mrs. Al. Eschelbach entertained a number of young folks in their home Saturday night in honor of their daughter Grace. Those who enjoyed the evening were Misses Margaret and Marion Cavassa, Clara Poket, Dorothy Truax, Catherine McLeod, Dorothy Learmonth, May Jennings, Elva Dinning, Norman Hynding, Messrs. Jack Peck, Donald McNally, Jean Dotson, Albert Lutz, Milton Kert, Charles Raudebaugh.

THANKSGIVING

A day in which we review the past and give thanks for the bounties that have been bestowed upon us. This bank is indeed grateful for the prosperity that it has been favored with—for the confidence the citizens of this community have shown in bestowing such prosperity and for the many acts of kindness and consideration that it has been our privilege to receive from those with whom we came in business contact.

We consider it indeed a favor to be able to serve such an intelligent and loyal community as this and hope that every citizen will call upon us whenever we may be able to serve his purpose.

PAVING SUIT SUBMITTED IN COUNTY COURT

Suit to force the San Mateo County Board of Supervisors to sign a contract for \$120,000 worth of street paving at Lomita Park was submitted on briefs to Judge George H. Buck Saturday afternoon after a session which occupied a principal part of the day's legal calendar.

The plaintiff is the Municipal Improvement Company of San Francisco. Following the opening of bids and award of the contract to the San Francisco firm, the board refused to proceed with the paving because of protests by property owners of the district.

Attorneys Kirkbride and Gordon of San Mateo represented the paving company. District Attorney Franklin Swart, John D. Willard, James T. O'Keefe, J. E. McCurdy and J. W. Colbert were attorneys for the supervisors.

Confirmation of women priests was advocated at a church congress in London recently.
